

Hosting Organization description

KOT, the Kind Orange Tree, is a cultural centre focused on the promotion of English through an array of playful, educational activities for all ages. It is the meeting point for families and culture where various interests come together in a shared end: the development of individual skills in English, implementing an innovative teaching methodology. It is based upon the Total physical response (TFR), Storytelling, Boeb Test, Howard Gardner Methodology, social constructivism, exploration and experimentation.
